COSHH DATA SHEET

(SE3390) Voxan TLC Paste

1. **Identification of Substance or Preparation**

Voxan TLC Paste

2. **Composition / Information on Ingredients**

Mineral filled aqueous soap and detergent blend
Essentially non hazardous

3. **Hazard Identification**

4. **First Aid Measures**

Inhalation	Seek medical assistance
Skin Contact	Wash with water
Eye Contact	Rinse well with copious amounts of water If irritation persists seek medical attention
Ingestion	Seek medical advise

5. **Fire Fighting Measures**

None - Non flammable

6. **Accidental Release Measures**

Scrape up waste, flush residue with water

7. **Handling & Storage**

Handling	No special requirements
Storage	Normal ambient conditions

8. **Exposure Controls / Personal Protection**

Respiratory Protection	Not applicable
Hand Protection	Appropriate gloves
Eye Protection	Goggles
Skin Protection	Prolonged exposure may cause defatting and skin dryness
Occupational Exposure Limit	N/A

9. **Physical & Chemical Properties**

Appearance	Blue paste
Odour	Faint fatty
pH	12 approx.
pH of 0.5%	
Boiling Point	100 degrees C
Melting Point	
Flash Point	
Vapour Pressure	
Relative Density	1.35
Soluble In Water	Miscible

10. **Stability & Reactivity**
Conditions To Avoid N/A
Materials To Avoid N/A
Hazardous Decomposition Products N/A
11. **Toxicological Information**
Skin Contact
Eye Contact Not toxic in normal circumstances
Ingestion
12. **Ecological Information**
Not known
13. **Disposal Considerations**
Dispose of in accordance with local regulations
14. **Transport Information**
UN No None
IMDG
ICAO/IATA
ADR None
Proper Shipping Name Voxsan TLC Paste
Additional Information
15. **Regulatory Information**
Symbol Not classified as hazardous to users
R - Phrases
S - Phrases None
Additional Information

Refer to national legislation for specific measures that may be relevant

16. **Other Information**
Whilst JPL has taken every care to ensure accuracy of the data contained in this document, no guarantee or liability will be assumed. It is recommended that customers satisfy themselves of the suitability of all products purchased for their own use.

APPLICATION

For use as an effective cleaner to remove emulsifying fats and oils and similar tide marks around pool water levels on – concrete, fibreglass and vinyl pools & spa's.

TREATMENT

Using protective gauntlets, apply TLC Paste to a suitable brush. Unlike liquid the compound will adhere safely to the wall surface. Gently rub to clean, then wash down surface area after cleaning.
