SU261 MAGRINI "STAY-SAFE" BABY SEAT

CLEANING INSTRUCTIONS

To ensure the equipment retains the original good looks a regular cleaning routine is essential.

The equipment may be washed and wiped with a damp soft cloth or sponge. Use of mild detergent and warm water will remove the majority of dust and stains. For more obstinate stains a domestic cream cleaner can be used such as "Cif" or similar. If in doubt please contact your supplier. Do not use caustic or solvent cleaners as they may damage the unit.

An Anti-bacterial spray, such as FA111 Bioguard Disinfectant Spray supplied by J P Lennard Ltd, should be used on the folding bed and wiped dry ready for use.

MAINTENACE INSTRUCTIONS

A regular inspection of the snap-lock safety straps should be carried out to make sure it is securely attached.
